## **Hampton University Library Resources**

The William R. and Norma B. Harvey Library supports the University's mission to promote learning and excellence in teaching by providing access to a wide array of information resources, services and facilities.

Students have access to the resources of the University libraries. The libraries are enhanced as a result of membership in several networks and consortia, serving academic libraries. The Hampton University Library is a member of the Virginia Tidewater Consortium (VTC), the Virginia Independent College and University Library Association (VICULA) and the Virtual Library of Virginia (VIVA).

The sharing of resources by the network of academic libraries is accomplished through the use of interlibrary loan,

reciprocal borrowing, the shared cataloging of materials, online access to holdings, bibliographic databases and cooperative purchasing.
