Convocation Speaker

MS. NICOLE PULLEN ROSS

*Regional Head
Asset & Wealth Management for Goldman Sachs*

Ms. Nicole Pullen Ross earned a Bachelor of Science in Accounting degree from Hampton University and a Master of Business Administration from Columbia Business School. Ms. Ross is currently the region head of the Northeast Private Wealth (PWM) business and leads the PWM Sports and Entertainment Solutions (SES) offering, which her team launched in 2018. She is also global sponsor of the Black Network.

Prior to her current role, Ms. Ross was head of New York PWM, and before that, was head of the Mid-Atlantic PWM business. She joined Goldman Sachs in 1991 as a private wealth advisor in PWM in New York and continues working with clients as part of her current responsibilities. Ms. Ross was named managing director in 2011 and partner in 2020. Prior to joining the firm, Ms. Ross worked at JPMorgan in New York.

Ms. Ross serves on the Board of Trustee for the Charter School Growth Fund and Hampton University, where she also serves as the head of the Investment Committee.

***The Edward L. Hamm, Sr.
Distinguished Teaching Award
2025 - 2026***

Endowed in 1994 by former Hampton University Trustee Edward L. Hamm, Jr., in honor of his father, the Edward L. Hamm, Sr., Distinguished Teaching Award recognizes annually one or two members of the Hampton University faculty who have been nominated by their peers and/or students and selected by the President for this prestigious honor. Although the University has many meritorious faculty members, there are those who consistently attain the lofty height of teaching excellence by extending their instruction beyond the classroom into the actualities of their students' worlds and by inspiring in their students a zest for learning and a commitment to excellence. Indeed, the recipient of this award exemplifies this achievement.

Mr. Ronald J. Kloster
*Assistant Professor
Department of Architecture*

Professor Ronald J. Kloster has made an extraordinary impact on Hampton University through his excellence in teaching, mentorship, academic advising, and professional engagement. Throughout his distinguished career, he has taught design studios, architectural history, theory, urban design, and building assemblies, while shaping the educational experiences of generations of architecture students.

A hallmark of Professor Kloster's teaching is his innovative use of Hampton University's historic campus as a living laboratory. Through the first-year design studio, students learn observation, analysis, drawing, and model-making by documenting significant campus landmarks. This foundational experience develops the technical skills, discipline, and appreciation for architectural excellence that students carry throughout the Master of Architecture program and into their professional careers.

Professor Kloster's influence extends far beyond the classroom. He has cultivated meaningful relationships with organizations such as the Institute of Classical Architecture & Art, creating opportunities for students to engage with leading architects and preservation professionals. His efforts have helped students secure internships, participate in specialized workshops, and launch successful careers with nationally recognized architectural firms.

His commitment to historic preservation has included directing student work for the Historic American Buildings Survey, resulting in documentation housed in the Library of Congress, and facilitating participation in National Park Service preservation programs. These experiences provide students with valuable hands-on learning and exposure to the broader architectural profession.

Widely regarded as an exceptional advisor, Professor Kloster has been an invaluable resource to students and faculty alike, guiding curriculum development, tracking student progress, and mentoring countless students toward academic and professional success. Alumni frequently credit him for instilling the values of patience, precision, craftsmanship, and excellence that have shaped their careers.

Through his dedication to teaching, service, scholarship, and student mentorship, Professor Ronald J. Kloster has left a lasting legacy at Hampton University and exemplifies the highest ideals of the E.L. Hamm, Sr. Distinguished Professor Award.

Hampton: A Song of Service, Love and Loyalty

O Hampton, a thought sent from heaven above,
To be a great soul's inspiration;
We sing thee the earnest of broad human love,
The shrine of our heart's adoration.
Thy foundation firm and thy roof tree outspread,
And thy sacred altar fires burning;
The sea circling 'round thee, soft skies overhead,
Dear Hampton, the goal of our yearning!

Refrain

O Hampton, we never can make thee a song,
Except as our lives do the singing;
In service that will thy great spirit prolong,
And send it through centuries ringing!

Kind mother, we'll treasure the dear happy days,
We've spent here in life's preparation;
Yet go with brave hearts upon our chosen ways,
Of service to God and our nation;
Still wearing our colors, the blue and the white,

As pledge that our fond hearts will cherish;
A love which for thee ever shines true and bright,
A loyalty that ne'er can perish!
