International Students Admission Requirements

Applicants outside of the U.S. need to apply early and allow plenty of time. When you request your application materials, they may take several days or a few weeks to reach us. We may have to wait for your official TOEFL, IELTS, or other required test scores to arrive. If you are admitted, it will take a few days or weeks for your I-20 Form to be processed and emailed to you. Then you will have to make an appointment for a visa interview at a U.S. Embassy or consulate, which may not be available immediately.

Test of English as a Foreign Language (TOEFL)/ International English Language Testing System (IELTS):

Students whose native language is not English must demonstrate that their English language skills are sufficient for them to undertake advanced academic work in an English-speaking institution. To show English proficiency, an applicant must provide scores for the TOEFL or IELTS examination. The TOEFL is administered by the [Educational Testing Service \(ETS\)](#). Hampton University requires a minimum TOEFL score of 525 for admission to the Graduate College or a 6.5 on the IELTS exam. To have your scores sent to Hampton University, you will need to provide the institution code (5292) to ETS. Please consult your TOEFL registration booklet or the department code list on the TOEFL website.
