Reminder Letter

Dear New Student,

You are not medically cleared.

We are pleased that you have selected Hampton University to pursue your education and professional development. Hampton University requires all college students to comply with the State of Virginia statute 23.1-800, for Health History and Immunization requirements. In accordance with the guidance of the Centers for Disease Control and Prevention (CDC) and the Virginia Department of Health (VDH), as well as our University policies regarding infectious disease, **students will be required to be up to date with the COVID-19 vaccine prior to your arrival on campus. As a reminder, the COVID-19 requirement is the following: Students who have received the primary series and booster dose will be considered up to date this admitting Fall 2023 semester. Students who are unvaccinated or previously received only the primary series vaccine dose(s) are required to receive at least one bivalent mRNA vaccine dose. Your COVID-19 vaccination card/form must specifically indicate that you received the bivalent COVID-19 vaccine.** The University requires vaccinations like meningitis and varicella, etc., so requiring the COVID-19 vaccination is in concert with prior procedures in keeping students, faculty, staff, as well as the community safe.

The deadline for submitting medical documentation was May 01,2023. Students must be medically cleared to matriculate, which includes residing in the residence halls and attending classes.

The Office of the Registrar will send an email to your personal email account with instructions on how to activate your Hampton University email account. For questions regarding HU email please call the Academic Technology Mall (ATM) Helpdesk at 757-728-6931 or email helpdesk@hamptonu.edu

New students must complete the following:

1. Check your University email account (firstname.lastname@my.hamptonu.edu) for an invite and email with instructions from Med Proctor or you may go directly to Med Proctor to register for medical clearance using your HU email address only.
2. Go to the Health Center website to access the instructional video:
http://www.hamptonu.edu/studentervices/health/medical_requirements.cfm
3. Go to the Med Proctor website: <https://secure.medproctor.com> to complete the medical clearance process. If you have questions, please use the live chat feature or email: help@medproctor.com
4. Download the physical examination and immunization forms from Med Proctor to take them to your health care provider for completion.
5. You can also upload your available immunization record and any physical examination form completed within the last 12 months.
6. Upload your completed physical and immunization forms from your health care provider into Med Proctor for medical clearance.
7. Upload your completed COVID-19 vaccination card/form from your health care provider, Health Department, or pharmacy into Med Proctor for medical clearance.

Once you upload all required documents, you will receive an email confirmation within 72 business hours that you have been verified as compliant by Med Proctor. Once verified by Med Proctor, the Health Center will review your record for accuracy within 72 hours (about 3 days) of the Med Proctor verification. The Health Center will update your status on the university's Self-Serve HU NET site. If you have not received a verification message from Med Proctor, go to their status page which will indicate items missing, documents needed or if your account is pending review.

The Health Center makes the final determination for medical clearance.

For more information regarding the COVID19 vaccine, please visit: www.cdc.gov/coronavirus/2019-ncov/index.html

If you have any questions or concerns, please call, or email the Health Center.

Sincerely,
Marcella Campbell PhD, FNP-BC
Family Nurse Practitioner
