## MEDICAL CLEARANCE REQUIREMENT

April 19, 2024

Dear Readmit Student,

Welcome to Hampton University, Your Home By The Sea. We are pleased that you have selected Hampton University to pursue your education and professional development. The Health Center wants to facilitate a smooth and efficient matriculation process for everyone.

Hampton University requires all college students to comply with the State of Virginia statute 23.1-800, for Health History and Immunization requirements. In accordance with the guidance of the Centers for Disease Control and Prevention (CDC) and the Virginia Department of Health (VDH), as well as our University policies regarding infectious disease and medical clearance, the following are required:

- ✓ Physical exam within the year;
- ✓ TDAP vaccine within the last ten years;
- ✓ Evidence of having received a **Polio** vaccine series;
- ✓ MMR-measles, mumps, and rubella-a two dose vaccine series or a positive blood titer result;
- ✓ Meningitis A vaccine at age 16 or later or the completed waiver form for age 22 and older;
- ✓ Hepatitis B-a three dose series or the completed waiver form for age 18 and older;
- ✓ Varicella-a two dose vaccine series or a positive blood titer result;
- ✓ Completed TB Questionnaire with follow up as indicated.

The University requires vaccinations as part of our process in keeping students, faculty, staff, as well as the community safe.

- **The deadline for submitting all medical documentation pertaining to medical clearance for students who have been away from the university for two full semesters is May 1 - Summer/Fall | December 1 - Spring.**
- **Readmit students who have been away for less than two full semesters should contact the Health Center for guidance on medical clearance.**
- **Medical clearance is required to matriculate, which includes residing in the residence halls and attending classes.**

Readmit students complete the following:

1. Contact the Academic Technology Mall (ATM) Helpdesk at 757-728-6931 to reset your password to access your HU email account.
2. Click on the link below to access the Med+Proctor instructional video regarding medical clearance requirements.  
<https://home.hamptonu.edu/healthcenter/medical-clearance-requirements/>
3. Log into the Med+Proctor website using your HU email address to access or create your account  
<https://secure.medproctor.com>
4. If you have questions or your account needs to be reactivated, please use Med+Proctor's live chat feature or email: help@medproctor.com
5. Contact the Health Center for guidance on your updated medical clearance requirements.
6. Download the physical and immunization forms from Med+Proctor to take them to your provider for completion.
7. Upload your completed physical and immunization forms from your health care provider into Med+Proctor for review.
8. Or you may upload your available and complete immunization record and any physical examination form completed by your provider within the last 12 months for review for your medical clearance. The physical examination form from your provider must include your identifying information and your medical clearance participation status for all physical and sport activities.

Once you upload all required documents, you will receive an email confirmation from Med+Proctor within 48-72 business hours that you have been verified as compliant. Once verified by Med+Proctor, the Health Center will review your record within 72 business hours of the Med+Proctor verification. The Health Center will update your status on the university's Self-Serve HU NET site. If you have not received a verification message from Med Proctor you should go to your Med Proctor status page which will indicate items missing, documentation that is needed or if your account is pending review.

**The Health Center makes the final determination for medical clearance.**

We look forward to safely welcoming our Hampton University students back to campus. If you have any questions or concerns, please call, or email the Health Center.

Sincerely,  
Trey Tweedy DHA, MBA  
Director of Operations  
Health Center
