

Researchers' Informational Forum

Monday, February 12, 2024

3:00pm – 4:00pm

Click here: <https://zoom.us/j/91429539688>

Title: Learning about All of Us Research Data

Debra Murray, Ph.D.
Associate Professor
Co-Investigator, *All of Us Evenings With Genetics*
Research Program
Baylor College of Medicine
Office of Community Engagement & Diversity
Molecular & Human Genetics Department

www.bcm.edu/allofuseveningswithgenetics [bcm.edu]

All of Us Research Hub is a repository of health data (electronic health records, Fitbit data, genomic data, behavioral and socio-economic survey data) with over 500,450 participants ([All of Us Research Program | National Institutes of Health \(NIH\)](#)). The information session aims to introduce HU researchers to the All of Us data and answer their questions.

Facilitated by:

Neelam Azad, Ph.D. | Vice President for Research

Endowed University Professor of Pharmacy

Sponsored by: The Office of the Vice President for Research
