# ARGOS REPORTS – WHY?

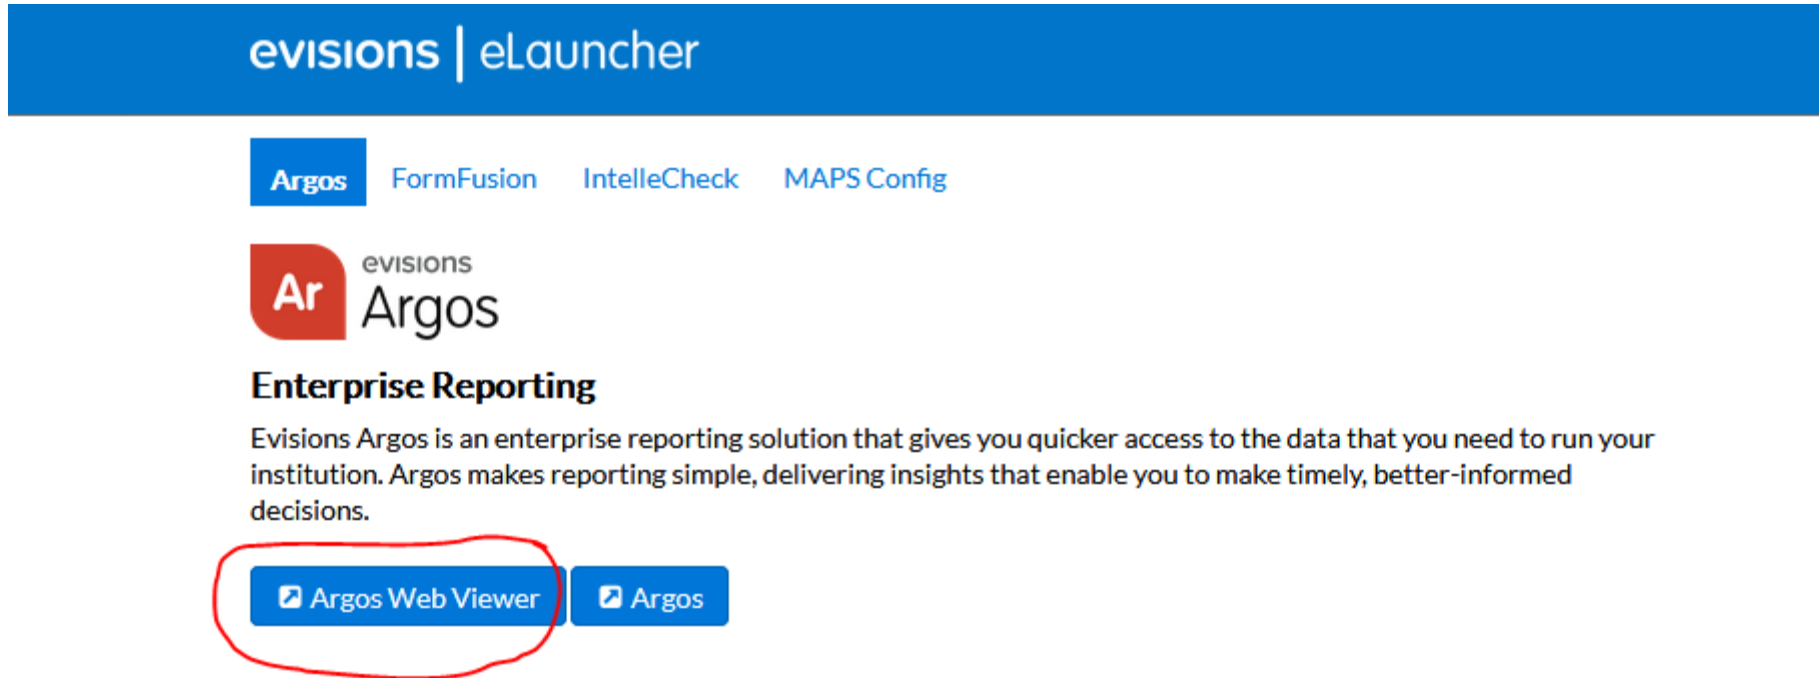

Replacing Banner 8 Customized Reports

Currently, Oracle Reports will not be supported in Banner 9 Essentials by Ellucian

Part of Evisions MAPS products:

- FormFusion (currently use)
- IntelleCheck (currently use)
- Argos (new to HU)

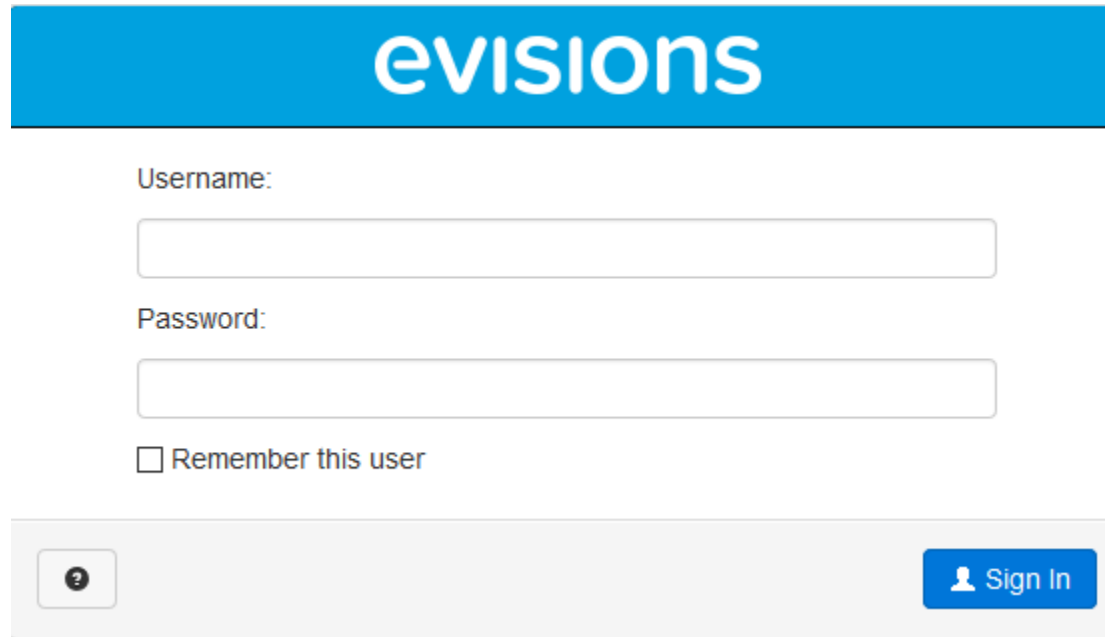

# Logging in Evisions for ARGOS Report Viewer

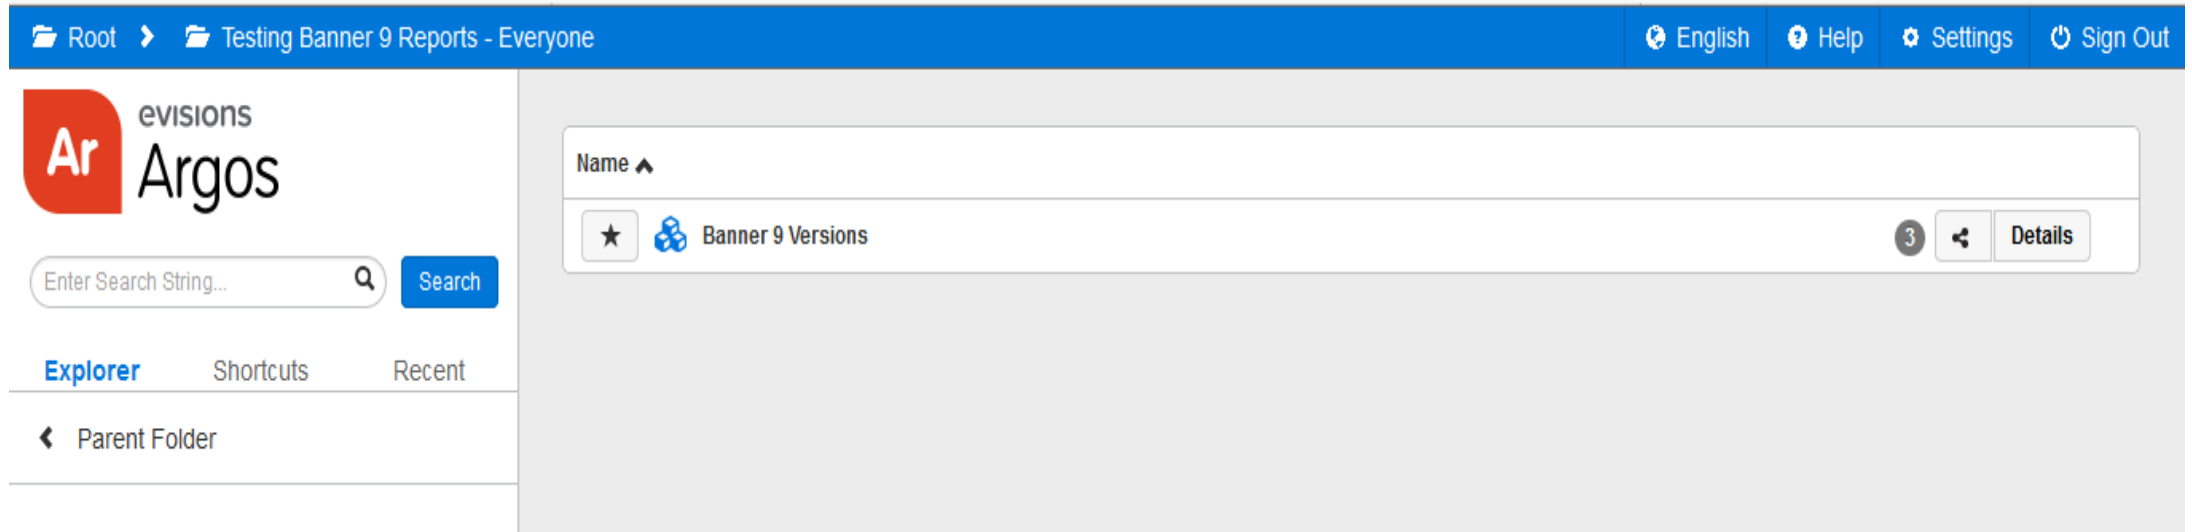

The screenshot displays the Evisions eLauncher interface. At the top, a blue header bar contains the text "evisions | eLauncher". Below this, a navigation bar features four buttons: "Argos" (highlighted in blue), "FormFusion", "IntelleCheck", and "MAPS Config". The main content area shows the "evisions Argos" logo, which consists of a red square with the letters "Ar" and the word "evisions" above "Argos". Below the logo, the heading "Enterprise Reporting" is followed by a paragraph: "Evisions Argos is an enterprise reporting solution that gives you quicker access to the data that you need to run your institution. Argos makes reporting simple, delivering insights that enable you to make timely, better-informed decisions." At the bottom, there are two blue buttons: "Argos Web Viewer" and "Argos". The "Argos Web Viewer" button is circled in red.

# Logging in Evisions for ARGOS Report Viewer

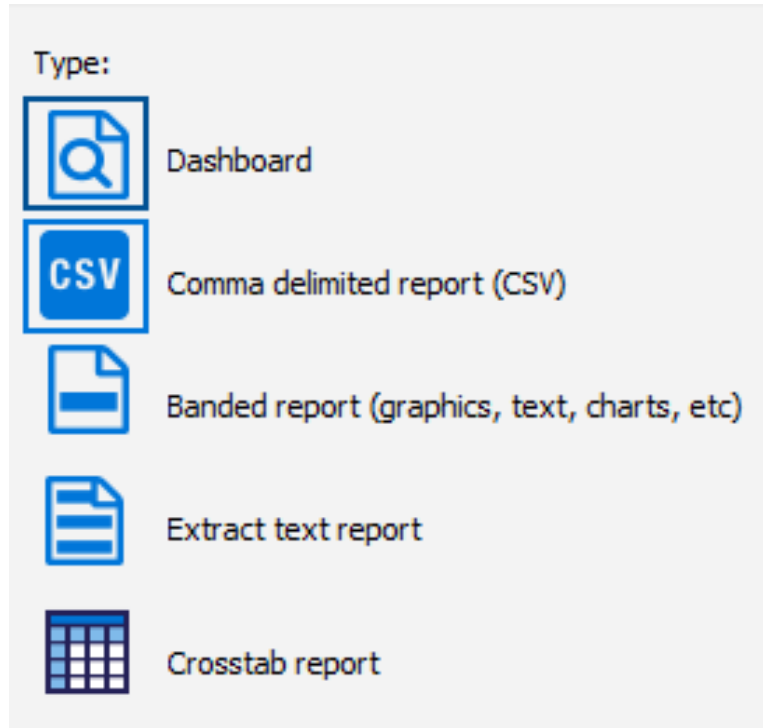

Use INFOTECH login and password

The image shows a web login interface for 'evisions'. At the top is a blue header with the word 'evisions' in white lowercase letters. Below the header, the text 'Username:' is followed by a white rectangular input field. Underneath that, the text 'Password:' is followed by another white rectangular input field. Below the password field is a checkbox with the text 'Remember this user' to its right. At the bottom of the form area, there is a light gray horizontal bar. On the left side of this bar is a small square button with a question mark icon. On the right side of the bar is a blue button with a white user icon and the text 'Sign In'.

# Types of Reports - ARGOS Report Viewer

Initially, we will create  
the basic types:

CSV and Extract (txt)

# Information on Report - ARGOS Report Viewer

The screenshot displays the ARGOS Report Viewer interface. On the left, the 'Ar evisions Argos' logo is visible above a search bar labeled 'Enter Search String...' and a 'Search' button. Below the search bar are tabs for 'Explorer', 'Shortcuts', and 'Recent'. The 'Explorer' tab is active, showing a 'Parent Folder' link. The main area displays a report titled 'Banner 9 Versions' with a star icon and a 'Details' button. A blue arrow points to the number '3' next to the report name, which is circled in red. A text label 'Number of Report types created for Banner 9 Versions' points to this number. Below the report list, a 'Type:' dropdown menu is open, showing options: 'Dashboard', 'CSV', 'Banded report (graphics, text, charts, etc)', 'Extract text report', and 'Crosstab report'.

# Details on the Report - ARGOS Report Viewer

# CreateDetails about the Banner 9 Versions using ARGOS Report Viewer

The screenshot displays the ARGOS Report Viewer interface. On the left, the 'evisions Argos' logo is visible, along with a search bar and navigation tabs for 'Explorer', 'Shortcuts', and 'Recent'. The 'Explorer' tab is active, showing a 'Parent Folder' link. The main content area displays details for 'Banner 9 Versions'. At the top, there is a star icon, a refresh icon, and a 'Details' button. Below this, a table lists various attributes:

Description	None
Author	PRINCESS.LIPSCOMB
Date Created	Feb 14, 2020 8:57 AM
Date Last Modified	Feb 14, 2020 1:05 PM
Last Run Date	Feb 17, 2020 6:31 PM
Last Modified By	PRINCESS.LIPSCOMB
ID	228
Connection	PPRD-18c

Below the table, there are three report entries, each with a star icon, a 'CSV' icon, and a 'Details' button:

- Banner 9 Versions Report - CSV (ID: 469)
- Banner 9 Versions Report - CVS 2 (ID: 471)
- Banner 9 Versions Report - Extract (ID: 470)

# CreateDetails about the Banner 9 Versions using ARGOS Report Viewer

The screenshot displays the ARGOS Report Viewer interface. On the left, the 'evisions Argos' logo is visible, along with a search bar and navigation tabs for 'Explorer', 'Shortcuts', and 'Recent'. The 'Explorer' tab is active, showing a 'Parent Folder' link. The main panel displays details for 'Banner 9 Versions' (ID: 228). The details include:

Description	None
Author	PRINCESS.LIPSCOMB
Date Created	Feb 14, 2020 8:57 AM
Date Last Modified	Feb 14, 2020 1:05 PM
Last Run Date	Feb 17, 2020 6:31 PM
Last Modified By	PRINCESS.LIPSCOMB
ID	228
Connection	PPRD-18c

Below the details, a list of reports is shown:

Report Name	ID	Action
Banner 9 Versions Report - CSV	469	Details
Banner 9 Versions Report - CVS 2	471	Details
Banner 9 Versions Report - Extract	470	Details

A blue arrow points to the first report, 'Banner 9 Versions Report - CSV (ID: 469)', with the text 'Click on the first report .CSV' next to it.

# Selecting Date for Report - ARGOS Report Viewer

The screenshot displays the ARGOS Report Viewer interface. The top navigation bar includes a breadcrumb trail: **Root > Testing Banner 9 Reports - Everyone > Banner 9 Versions - Banner 9 Versions Report - CSV**. To the right of the breadcrumb are links for **English**, **Help**, **Settings**, and **Sign Out**. Below the breadcrumb, there is a section for **Saved Dashboard Settings** with a dropdown menu showing **Banner 9 Versions Report - CSV** and a **Run** button. On the right side of this section are **Share** and **Close** buttons.

The main content area is titled **Banner 9 Versions**. It features a date input field with the value **02/04/2020** and a calendar icon. A **Run Report** button is positioned to the right of the date field. A calendar pop-up is visible, showing the month of **February 2020**. The calendar grid has days of the week (Su, Mo, Tu, We, Th, Fr, Sa) as column headers. The date **4** is highlighted in blue. The calendar also shows dates from the previous month (26, 27, 28, 29, 30, 31) and the following month (1, 2, 3, 4, 5, 6, 7).

On the left side of the main content area, there is a table with the following header row: **Banner9 C RELEASE M APPLIED D**. The table body is currently empty.

# Report Rendering in ARGOS Report Viewer

The screenshot displays the ARGOS Report Viewer interface. The top navigation bar includes a breadcrumb trail: Root > Testing Banner 9 Reports - Everyone > Banner 9 Versions - Banner 9 Versions Report - CSV. To the right of the breadcrumb are links for English, Help, Settings, and Sign Out. Below the breadcrumb, there is a section with 'Saved Dashboard Settings', a dropdown menu for 'Banner 9 Versions Report - CSV', and a 'Run' button. A yellow arrow points to the dropdown menu, and a blue arrow points to the 'Run' button. On the right side of this section are 'Share' and 'Close' buttons. The main content area is titled 'Banner 9 Versions' and contains a date input field set to '02/04/2020' and a 'Run Report' button. Below this is a table with the following data:

Banner9 C	RELEASE N	APPLIED D

# Implementation - Phased Approach

## **Phase I** – Argos Reports outside of Banner 9 Essentials

- Get all Banner 8 Customized Reports up and running in Argos
- User can have Banner 9 Essentials Application and Argos for Reports open at same time.

Fine Grain Security will be implemented. Only see reports authorized to run.

NOTE--Currently in Banner 8, you can only launch Customized Reports inside Banner and wait for it to finish before doing any other tasks for a majority of users.

## **Phase II** – TOAD scripts that SELECT (view only) data will be created in Argos Reports.

- The user will be able to generate “at will” instead of requesting Computer Center to generate.

Fine Grain Security will be implemented. Only see reports authorized to run.

## **Phase III** – New BCR requests to generate views of data (SELECT) will be created in Argos Reports.

- The user will be able to generate “at will” instead of requesting Computer Center to generate.

Fine Grain Security will be implemented. Only see reports authorized to run.

## **Phase IV** – Argos Reports incorporated in Banner 9 Essentials

**No requests for adding/updating/deleting of data will be placed in Argos. Those will be responsibility of the Computer Center.**
