

External Scholarships Database 2025-2026 In the Crow's Nest Edition

HU Office of Financial Aid & Scholarships

Go Pirates!!

**"Welcome to Your
Home by the Sea!"**

What does it mean to be in the “Crow’s Nest”?

According to Merriam-Webster, a ‘[crow’s nest](#)’ is described as “*a partly enclosed platform high on a ship’s mast for use as a lookout*”.

Navigating the seas was, and still is, one of the most challenging tasks for anyone, due to the sheer number of hazards that present themselves, either early on the voyage, or seemingly ‘out of the blue’. To increase the chances of spotting land, other ships, and potential hazards, pirates take to the Crow’s Nest near the top of one of the ship’s sail masts. When pirates increase their ability to see opportunities and hazards for scholarships, they can become more successful in their search! Ahoy!

Can I increase my chances of finding free money?

When pirates know their routes, and especially the routes of treasure-laden vessels, they stand a higher chance of earning more free money. Students who want to find, pursue, and earn scholarships with success must proceed in the same way. For example, you have set up a free membership with [FastWeb](#) and, make a mental note to check your e-mail regularly for matches to your member profile. Another example, you find that most scholarship opportunities require an essay, so you work on sharpening your writing skills and asking a trusted person to proofread.

Most external scholarship grantors are looking for the best applications and essays when selecting winners. This may not refer directly to strict adherence to English grammar and writing conventions, as much as to each scholarship’s rules. So, carefully read rules, act in strict accordance with the rules, and gain a competitive edge!

Any Examples?

You may want to view these YouTube videos by [ESP Daniella](#) and [College Essay Guy](#).

ESP Daniella developed an approach to locating and applying for scholarships by identifying common mistakes she and others made during their processes. The College Essay Guy is well-known for guidance useful in creating excellent essays. This is not an endorsement of any particular person or method. Please keep in mind, it is not recommended to pay others for scholarship services, especially any with guarantees.

Can others not on the ship help?

Yes! This is especially important during your first ‘voyage’ applying for scholarships and ‘rough seas’, when you have many demands on your time! Before you submit any final application and essay, ask a trusted person to review them, first! Adding this to your awareness and precision can increase your chances of success (along with applying for many scholarships, while avoiding scams and identity theft)!

Overview

Included in this database are scholarship announcements from companies, foundations, law firms, and other sources that desire to assist students, including rising freshmen (high school students preparing to graduate), currently enrolled undergraduates and graduates in their efforts toward a higher education.

Scholarships are divided into categories (e.g. [Company](#), [Politics/Law](#), [Volunteerism](#), etc.) and details are included: Title, Amount, Deadline, GPA, Keywords, and URL (link to scholarship page).

TIP Most scholarships included are categorized under Company and Politics/Law. These tend to have fewer major requirements.
