

BUSINESS ADMINISTRATION / FIVE-YEAR MBA PROGRAM

PROGRAM OVERVIEW

The five-year MBA program includes 157 academic hours of course-work with an embedded undergraduate degree in Business Administration (Bachelor of Science). Competencies in the five-year MBA are achieved through an interdisciplinary approach. This approach includes liberal education curriculum; broad accounting, technology, and engineering-based business background; interpersonal skills; and structured and varied work experiences through internship. Professional application and refinement activities are required to ensure business sophistication and the internalization of professional and critical thinking skills as well as to build strong moral character.

THE LEADERSHIP APPLICATION PROGRAM

The objective of the five-year MBA is to prepare students for professional positions in the management of organizations of varying sizes and with differing business goals and objectives. The Leadership Application Program is designed to assure the development of non-technical behavior-based competencies, which transcend individual disciplines in the dynamic world of business. The Program requires a conservative professional appearance. Students are encouraged to inquire about any personal concerns regarding a conservative professional appearance.

ADMISSION REQUIREMENTS

The five-year MBA program is a rigorous, time absorbing and demanding academic program of study. The curriculum is structured with a built-in case and team-based methodology of real-world intensity. Incoming freshman undergraduate students will be admitted to the Program with a minimum SAT score of 1050 or minimum ACT score of 22, impressive high school transcripts and three strong personal references.

Continuing students may be allowed to transfer if they have an excellent academic record at Hampton University. A merit-based criterion of transferring into the 5-year MBA program is determined by the Department. Students transferring into the program from another department at Hampton University must have an overall/cumulative GPA of 3.25 and permission from the Chair. Students from other universities are permitted to transfer into the department with special permission from the department's chair and dean. However, all previously acquired credits may not transfer.

PROGRAM FLEXIBILITY

Although the professional MBA is a broad, general degree, concentrations may be acquired by taking business and free electives in an area of specialty consistent with their professional interests. For instance, students desiring a concentration in accounting leading to eligibility to take the Uniform CPA Examination can do so by selecting accounting courses for their free electives and graduate business electives.

INTERNSHIP REQUIREMENTS

Students in the MBA program are required to complete two Career Center-approved and Department-approved internships. Students must complete one compensated internship at the undergraduate level and another at the graduate level.

CONTINUANCE IN THE PROGRAM

Development in this demanding and competitive MBA program is both integrative and cumulative. Students who fail to maintain the required GPA for any semester will be counseled to pursue other majors.

Required GPA:
2nd Year – 3.25
3rd Year – 3.25

4th Year – 3.25

5th Year – 3.00

CURRICULUM OUTLINE – BUSINESS ADMINISTRATION/MBA

Freshman Year

CSC 120 Introduction to Computers – 3

EGR 101 Fundamental Engineering Concepts – 2

ENG 101, 102 Written Communications I & II – 3, 3

Free Elective – 2

HIS 106, 107 World Civilization II / African-American History – 3, 3

LAP 101 Leadership Application Program – 1

MAT 117, 130 Pre-Calculus / Calculus – 3, 3

MBA 201 Financial Accounting – 3

MBA 300 Critical Analysis & Strategy – 2

PED 121 Physical Education (Golf) – 1

PED 137 Physical Education (Tennis) – 1

UNV 101 Individual & Life – 1

Sophomore Year

COM 103 Oral Communication – 3

ECO 201, 202 Macro & Micro Economics – 3, 3

FIN 290 Personal Finance – 3
