

Empower students with next-gen technology.

Free summer STEM enrichment program for middle school students

Every student deserves access to a better future. That's why we've launched the Verizon Innovative Learning STEM Achievers program—an engaging, hands-on program developed to enrich learning through design thinking, 3D printing, augmented reality, social entrepreneurship and mentorship. This program creates a more diverse pipeline for future careers in science, technology, engineering and math (STEM) fields; no prior knowledge or experience is required.

The program takes place over the course of one 4-week session.

June 26 - July 21, 2023 from 9:00 am - 3:00 pm.

**Hampton University, Bemis Laboratory
714 Orchard Rd, Hampton, VA 23668**

**For more information, please contact
Marci Turner or Johnathan Simms at
VILMMM@HAMPTONU.EDU or 757.727.5937**
